24. Please feel free to contribute any other critical comments.

- Overall communication needs improvement
- Front office staff needs to communicate better with parents as well as be more professional there need to be more supervision during breaks morning lunch and after school.
- Wish teachers used parent square more actively to discus students needs and expectations for working parents
- Need better communication with parents regarding sport try outs and schedules. Drop-off/pick up needs to have better options. Either open the front lot to create better flow or utilize back lot for drop off/pick ups. People are constantly double parking or dropping kids off in the street impeding traffic and creating safety issues.
