

On 2/11/2025 and 2/3/2025 Education Systems Engineers (ESE) along with staff from Le Grand Union Elementary School District (LGUESD) conducted LCAP stakeholders meetings with certificated staff, classified staff, students, and parent / community members. Stakeholders were asked to identify traits that they wanted LGUESD to help develop in their students. The stakeholders were divided into groups of four to six and given time to develop a list of eight traits of successful students. In addition to these traits the stakeholders were asked to list actions that the district could either continue or initiate that would help students develop these traits.

This report lists the traits and actions that stakeholders identified during these meetings. The report is laid out as follows:

- Page 1: Cover Page.
- Page 2: A list of the traits that stakeholders identified in rank order of most frequently cited.
- Page 3: A list of the actions that stakeholders selected from the ESE list in rank order of most frequently cited.
- Page 4: A list of the new actions that stakeholders identified that were not on the ESE list.
