- I feel this school offers many opportunities to help the success of their students.
- Students are respectful for the most part.
- Le Grand High School offers opportunities for students to feel connected.
- Our school community is a great learning environment for students to receive personalized supports.
- I think that LGHS is a welcoming place for students- very secure, family-based community
- NA
- Being a Small District has its pros and cons though i would say the Pros outweighs the cons.
- Wish a counselor would come speak to our students every two weeks
- The overall campus environment is much better than any other school from Modesto to Fresno and likely beyond those parameters.
- I like it here
- Fights have happened less and less over the years.
- It's a wonderful school and great environment for students and staff
- Students are amazing.
- Le Grand High School is such a special place and I am thankful to be a part of it.
- School is very welcoming
- Le Grand High School is a very welcoming environment.
- Staff is always helpful and supportive.
- We should expand our academies to include pathways in STEM fields, such as teacher preparation, trade skills, and IT engineering. By offering these additional programs, we can equip students with the skills needed for careers in science, technology, engineering, and mathematics, providing them with more diverse opportunities to explore their interests and prepare for the future.

25. Please feel free to contribute any other critical comments.

- At times the discipline is not handled the same for all students. It is not fair that some students get off easier for breaking the same rule as someone else, who has a bigger punishment.
- The inter-staff work environment could be better.
- NA
- Students today have greater challenges to overcome than ever before. Broken homes, Cell phones, Availability of Drugs...
- We need better communication from admin to staff sometimes
- There is a big lack of discipline here. Just talking it out doesn't always help. Too much plagiarism and the use of A.I. by the students. Major tardy issues. Too much swearing and the use of the N-word on our campus. Certain staff members get help with disciplinary issues, while others beg for help and nothing is ever done. Too many students wish to earn high grades, but do the minimum. The Honors Diploma should be revamped. If the majority of students graduate with honors, either we have brilliant students or our standards are too low.
- The student handbook is not consistently upheld
- Communication has a lot to improve.
- N/A

-

Admin and Teachers should hold students accountable to stay focused and engaged in their learning. College and career readiness is on the rise, but there's a need to increase family engagement through more family friendly school events. More school wide spirit, Additionally, it's important for staff and teachers to break out of working in silos, fostering better collaboration and communication.
